November 5, 2002

Dear Scott:

Thank-you to you and your staff for doing such a nice job on our new facility. Your professionalism and prompt attention to all the little problems that came along during the project was and remains greatly appreciated.

We have gotten many compliments on our new facility and we have recommended you highly.

We hope to work with you and your staff again in the future.

Sincerely,

A handwritten signature in cursive script that reads "Jon Slack".
